

myDLOC

dLOC now allows users who log in to:

- Send an item to a friend via email
- Save an item to your bookshelf and add user comments to the item (comments are not displayed to others on the item, but will show within your bookshelf)
- Save a search, or browse to your favorite searches
- Share an item (via Facebook, Twitter, DIGG, StumbleUpon, Yahoo, Yahoo Buzz, Google Bookmarks, Browser favorites)
- Manage your bookshelves and saved searches through the myUFDC home page

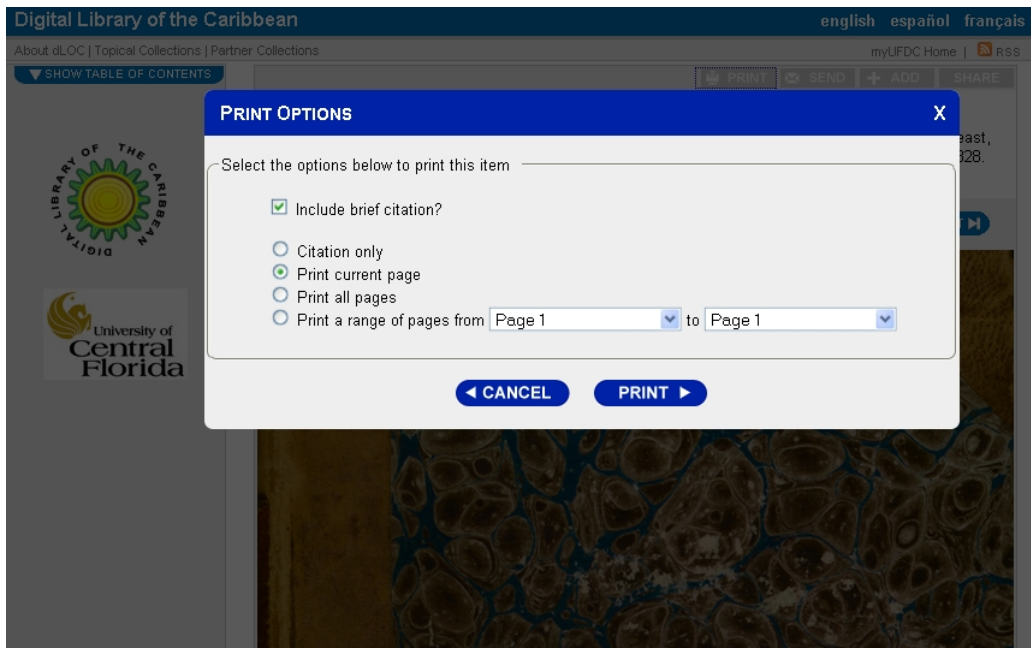

Print, Send, Save/Add, and Share:

From dLOC, users can Print, Send, Save/Add, and Share collections, items, and searches.

Print

Clicking the Print button simply prints collection and search pages. For items, users can choose to print:

- Citation only
- Thumbnails
- Current page (prints page as displayed for zoomed views)
- All pages
- A range of pages

Share

The Share button allows users to share the collection, item, and search using Facebook, Twitter, DIGG, StumbleUpon, Yahoo, Yahoo Buzz, Google Bookmarks, and Browser favorites.

The screenshot shows the Digital Library of the Caribbean interface. At the top, there are language options: "english", "español", and "français". Below the header, there are navigation links: "About dLOC", "Topical Collections", and "Partner Collections". The main content area displays the following information:

- Group Title:** Abbots letters from Cuba
- Title:** Letters written in the interior of Cuba, between the ... and of Cusco, to the west, in the months of Februa...

Below the title, there are tabs for "CITATION", "PAGE IMAGE", and "ZOOMABLE". A "Go To:" dropdown menu is set to "Page 1", with "NEXT" and "LAST" buttons. To the right of the main content, there is a "SHARE" button with a dropdown menu containing the following options:

- Facebook
- Twitter
- StumbleUpon
- DIGG
- Yahoo Buzz
- Google
- Yahoo
- Favorites

On the left side of the page, there is a sidebar with the "Digital Library of the Caribbean" logo and the "University of Central Florida" logo.

Send

The Send button allows users to send an email with the current collection, item, or search. The Send button is only active when users are logged in (users can log in using Gatorlink or myUFDC for those without Gatorlink accounts).

The screenshot shows the Digital Library of the Caribbean interface with a modal dialog box open. The dialog box is titled "SEND THIS ITEM TO A FRIEND" and contains the following fields and options:

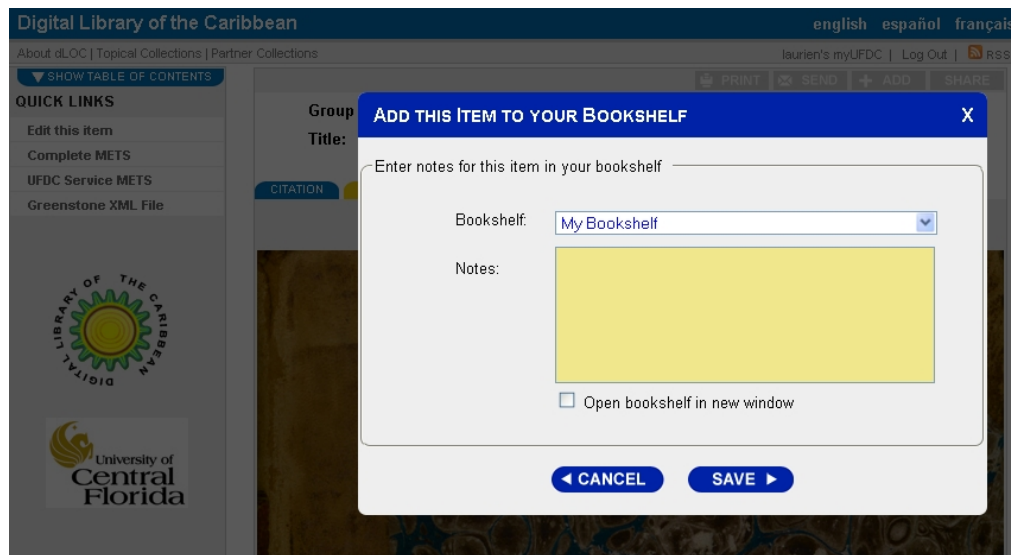

- To:** A text input field containing the email address "laurien@ufl.edu".
- Comments:** A text area for entering a message.
- Format:** Two radio buttons: "HTML" (selected) and "Plain Text".

At the bottom of the dialog box, there are two buttons: "CANCEL" and "SEND". The background of the page is dimmed, showing the same content as the previous screenshot, including the "Share" button and social media options.

Save/Add

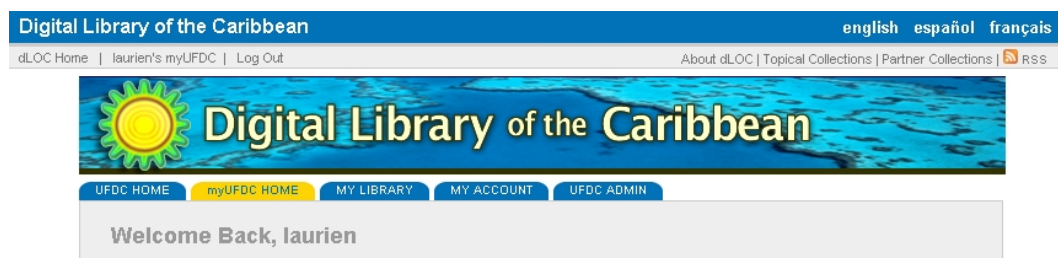

The Save/Add button also requires users to log in. This button is either Save or Add depending on context.

On search pages, the Save button allows users to save their searches. Users can access all of their saved searches from the main myDLOC page. On collection and item pages, the Add button allows users to Add items to bookshelves.

myDLOC Home

myDLOC Home is the first page after users log in, and it links to the user's bookshelves, saved searches, and collections.

Welcome to myUFDC. This feature allows you to add items to your bookshelves, organize your bookshelves, and email your bookshelves to friends.

What would you like to do today?

-  Start a new item
-  View all my submitted items
-  View and organize my bookshelves
-  View my saved searches

Bookshelves

Users can add new bookshelves, manage existing bookshelves, and make bookshelves public.
